

## CONSTRUCTION MANAGEMENT COMPETITION

Nov. 11, 2014

ABC's Construction Management Competition (CMC) promotes careers in construction management and challenges participants' construction, time management, organizational and presentation skills. The competition is sponsored in part by the Trimmer Construction Education Foundation (TCEF) and ABC members.

### Who Attends:

College-level construction management students (all from ABC Student Chapters). Students representing the following colleges and universities attended past Competitions:

Auburn University	Kent State University	Purdue University	University of Cincinnati
California Polytechnic – San Luis Obispo	Lamar University	Sam Houston State University	University of Houston
California State University - Long Beach	Louisiana State University	Southern Polytechnic State University	University of North Florida
Clemson University	Minnesota State University - Mankato	Texas A&M University - College Station	University of Northern Iowa
Colorado State University	Missouri State University	The Ohio State University	University of Wisconsin - Stout
Florida International University	Pennsylvania College of Technology	University of Central Florida	Western Carolina University

### Average Attendance:

100-150 students and faculty

### What Happens:

The competition features teams of four college and university students testing their project management, estimating, safety, quality control and presentation skills.
