WHO IS ABC

Associated Builders and Contractors (ABC) is a national construction industry trade association established in 1950 that represents nearly 21,000 members. Founded on the merit shop philosophy, ABC and its 70 chapters help members develop people, win work and deliver that work safely, ethically and profitably for the betterment of the communities in which ABC and its members work. abc.org
WHO ARE ABC MEMBERS?

Construction and industry-related firms representing all specialties within the U.S. construction industry, primarily those focused on the industrial and commercial sectors.

Champions of free enterprise and open competition that are committed to delivering high-quality, safe construction projects that are awarded to the most qualified bidder based on merit, not mandates or political favoritism.

ABC members build America. ABC members have been setting the standard for safety, performance and integrity in the construction industry since 1950, and every day we continue to raise the bar. ABC welcomes other like-minded contractors committed to excellence and delivering high-value, high-quality projects on time and on budget to join us.
WHAT DO ABC MEMBERS BUILD?

AIRPORTS  BRIDGES  CAMPUSSES  CHURCHES  COMMERCIAL  DATA  CENTERS  FEDERAL  GOVERNMENT  PROJECTS  HOSPITALS  INDUSTRIAL INFRASTRUCTURE  LABORATORIES  MALLS  MANUFACTURING  PLANTS  MEGA  PROJECTS  MILITARY  INSTALLATIONS  MONUMENTS  MUSEUMS  OFFICES  PLAYGROUNDS  PORTS  POWER  PLANTS  PUBLIC  WORKS  REFINERIES  RENOVATIONS  RESIDENTIAL  RETAIL  SCHOOLS  SKYSCRAPERS  SPORTS  VENUES  TRAIN DEPOTS  UNIVERSITIES  WATER  TREATMENT  PLANTS  WETLANDS  RESTORATION
ABC HELPS ITS MEMBERS DEVELOP PEOPLE

ABC is a leading force for workforce development and training in the construction industry.
ABC WORKS TO PROMOTE WORKFORCE POLICIES THAT:

Help stem the **skilled workforce shortage**

**Educate young people** about professional opportunities in the trade and construction management

Expand **opportunities for adults** looking for a new career path

Fund education and training programs and facilities

ABC and its 70 chapters have **800+ apprenticeship and training programs** around the country to promote careers in construction, address the skilled worker shortage and improve skills, productivity and career advancement. Find your local ABC chapter for details.

[abc.org/chapterlocator](http://abc.org/chapterlocator)

Outreach initiatives include [careers.abc.org](http://careers.abc.org), student chapters at colleges and universities, scholarship programs, relationships with education and training organizations.
ABC MEMBERS INVEST A TOTAL OF $1.1B IN TRAINING ANNUALLY
ABC WORKFORCE DEVELOPMENT PROGRAMS

ABC’s hallmark Construction Management Competition promotes careers in construction management. The intense two-day competition features teams of college students testing their skills in project management, estimating, safety, quality control and presentation.

[abc.org/cmc]

ABC’s National Craft Championships brings more than 200 craft trainees and apprentices from chapter and member training programs across the country to compete for medals in 13 crafts and a team competition.

[nationalcraftchampionships.org]

The ABC Project Management Institute, an 80-hour management education program at Purdue University, teaches owners, managers and estimators how to improve profitability, productivity and customer satisfaction.

[abc.org/pmi]

The ABC Young Professionals program helps ABC members develop leadership skills for successful construction careers and network with peers and industry leaders.

[youngprofessionals.abc.org]
ABC HELPS ITS MEMBERS WIN WORK

ABC creates opportunities for its members to bid on additional work, and then helps them win it.
ABC defends open competition in construction contracting at the national, state and local levels, opposing government-mandated project labor agreements (PLAs) and prevailing wage laws while supporting Right to Work policies.

ABC MEMBERS:
COMPETING. WINNING. BUILDING.

From FY2009-FY2015, ABC member prime contractors won 64 percent of the total value of large-scale federal contracts subject to President Obama’s pro-project labor agreement Executive Order 13502. That’s 626 contracts valued at a total of $40 billion won by ABC members.

usaspending.gov
ABC ADVANCES GOVERNMENT NEUTRALITY IN CONTRACTING

Through campaigns like the Truth About PLAs, Halt the Assault and ABC Votes, ABC defends limited government and the economically sound principles upon which America was built. ABC members can play an active role in the political process by engaging with the ABC Political Action Committee (ABC PAC) and the Free Enterprise Alliance, and joining the grassroots efforts at ABC Legislative Week in Washington, D.C.

abc.org/abcaction
From FY2009-2015, ABC prevented government-mandated PLAs on nearly 99 percent of federal contracts exceeding $25 million, ensuring that construction contracts totaling more than $60 billion were subject to fair and open competition.
Exclusively for ABC members, the Accredited Quality Contractor (AQC) program recognizes member construction firms that annually document their commitment in five key areas of corporate responsibility: quality, safety, employee benefits, training and community relations. Once contractors achieve accreditation, the AQC designation can be used in bid documents, corporate documents and signage. AQC members are recognized for their accomplishments at national trade shows, ABC events and in Construction Executive magazine.

Be the best. Build with the best.

abc.org/aqc
Join ABC and get access to a searchable database of the industry’s best contractors. FindContractors.com lets you search for ABC members by name, chapter, location, sales volume or type of construction. Plus, find members who earned national recognition for their safety programs through participation in ABC’s Safety Training Evaluation Process (STEP), have federal designations and have signed the Drug- and Alcohol-Free Workplace Pledge. Members can also build and update their profile to help them win more work.
ABC HELPS ITS MEMBERS
ACHIEVE WORLD-CLASS SAFETY

ABC provides members with the knowledge and tools to achieve the highest standard for health, safety, wellness and environment in the construction industry.
Established in 1989, ABC’s flagship Safety Training Evaluation Process (STEP) is the standard for developing world-class safety programs in construction. Developed by contractors, for contractors, STEP offers an organized approach to analyzing and developing company-wide safety and loss-prevention programs to help firms large and small send their workers home safe every day. Learn the 20 components that dramatically improve safety performance. Getting started is free.

abc.org/step
WHAT IF YOUR COMPANY COULD BE 720 PERCENT SAFER THAN THE INDUSTRY AVERAGE?

It’s more than possible, it’s doable.

ABC conducts an annual analysis of STEP participant data to further the industry’s understanding of how to validate the effectiveness of proactive health and safety programs and make construction jobsites safer. ABC’s groundbreaking Safety Performance Report documents the dramatic impact of using proactive safety practices to reduce recordable incidents by up to 86 percent, making the best-performing companies 720 percent safer than the industry average.

abc.org/spr
ABC STEP PARTICIPANTS ARE SAFER THAN THE INDUSTRY AVERAGE

*Based on analysis of the Total Recordable Incident Rate (TRIR) of participants in ABC's 2015 STEP vs. the Bureau of Labor Statistics (BLS) industry average.
ABC HELPS ITS MEMBERS PRACTICE ETHICS AND COMPLIANCE

ABC works to protect members from regulatory overreach and legislation that harms the merit shop construction industry.
FIGHTING FOR THE MERIT SHOP

From costly and burdensome proposals such as overtime expansion, blacklisting and the persuader rule to poorly crafted OSHA regulations, merit shop contractors are under fire from federal agencies. ABC supports corrective legislation, initiates litigation when necessary and deploys aggressive media strategies to make its case in the court of public opinion. ABC defends merit shop principles through legislation, in the courts and in the media.
KEY ISSUES FOR THE MERIT SHOP CONSTRUCTION INDUSTRY TODAY

• Blacklisting Final Rule and Guidance (Fair Pay and Safe Workplaces)
• Electronic Injury Reporting and Anti-Retaliation Final Rule (Improve Tracking of Workplace Injuries and Illnesses)
• Joint Employer Decision
• Overtime (Defining and Delimiting the Exemptions for Executive, Administrative, Professional, Outside Sales and Computer Employees)
• Paid Sick Leave for Federal Contractors Final Rule
• Persuader Final Rule (Labor-Management Reporting and Disclosure Act)
• Respirable Crystalline Silica Final Rule

ABC works aggressively to protect member interests before Congress, regulators and the courts.

• Testimony before Congress
• Letters to Congress
• Comments on rulemakings
• Participation in regulatory agency hearings
• Coalitions and partnerships
• Feasibility studies
• Member impact surveys
• Compliance toolkits
• Issue briefs

Stay up to date on the legislative, regulatory and legal developments you need to know about through ABC’s weekly member newsletter, Newsline.

abc.org/newsline
ABC members have access to updates, staff expertise and guidance on regulatory developments and compliance resources designed exclusively for merit shop contractors. The weekly *Newsline* is packed with news and analysis of the latest legislative, regulatory and legal actions. ABC’s Academy for Construction Ethics, Compliance and Best Practices is an online library of expertise and best practices from leading legal and business experts. And comprehensive toolkits are available to help you navigate employer health care and union organizing.

[abc.org/academy](http://abc.org/academy)
ABC helps its members increase profitability.

ABC helps members be more productive, anticipate industry trends and improve their bottom line.
ABC helps members stay on top of the technologies that can give them an edge in improving productivity and profitability. From digital collaboration software and BIM to high-tech accounting systems and contracts, ABC webinars, education sessions and conferences give members access to top industry experts who can help improve the bottom line.
ECONOMIC ANALYSIS YOU CAN COUNT ON

ABC keeps you updated on key economic indicators for commercial and industrial construction.

**ABC Economic Reports**
- Annual Forecast
- Construction Backlog Indicator (CBI)
- Construction Confidence Index
- State-Level Industry Unemployment Rates

**ABC Analysis of Government Economic Data**
- Construction Spending
- Construction Employment
- Producer Price Index
- Economic Growth (GDP)

abc.org/economics
ABC members are committed to achieving a fully inclusive and culturally competent workforce that is welcoming to all people, where employees and suppliers are limited only by their own potential. Through Diversity Resource Groups and the National Diversity Excellence Awards, ABC supports and recognizes success in achieving a diverse construction workforce. ABC’s annual Diversity & Inclusion Summit offers education and networking for members who understand the value of diversity in construction and its impact on the bottom line. Explore joint ventures, learn how to attract and retain the best talent, and improve your value proposition.

abc.org/diversitysummit
STAY CURRENT WITH CONSTRUCTION EXECUTIVE

Construction Executive, ABC’s award-winning magazine, is the leading source for news, market developments and business issues impacting the construction industry. Designed to help its 50,000+ readers run more profitable and productive businesses, the CE portfolio also includes newsletters and webinars to help you understand and manage risk, technology, economics, legal challenges and more.

ABC HELPS ITS MEMBERS ENHANCE COMMUNITIES

ABC showcases members’ commitment to their communities and to the thousands of workers they employ, celebrates outstanding member achievements, and provides opportunities to network at events and conferences throughout the year.
From fundraising to expanding job training programs to contributing to relief efforts after natural disasters and volunteering to perform renovations on the homes of military veterans in need, ABC members step up to support local communities and charitable causes across the country.

ABC members also contribute to the economic success of the communities where they live and do business, creating jobs and building the structures we live and work in as well as the infrastructure to get us there.

ABC members benefit from being part of the ABC community. Through networking, sharing best practices and creating opportunities for dialog and collaboration with users and clients, ABC members are constantly learning and innovating. That’s how ABC members build America.
ABC's prestigious Excellence in Construction® (EIC) Awards program recognizes the most innovative and high-quality merit shop construction projects across the nation. In addition, ABC presents awards for member achievements in safety and diversity and ABC's Contractor of the Year. In 2015, more than $8.2 billion in award-winning projects boosted local communities around the country.

abc.org/eic
UP YOUR GAME: JOIN AN ABC PEER GROUP

ABC’s peer groups give like-minded business owners an environment conducive to sharing ideas and discussing opportunities and challenges—all with the goal of improving their businesses. Peer groups consist of six to 10 non-competing ABC member companies within a trade or interest area and with similar annual volumes. Peer groups are available for contractors in drywall, electrical, general, mechanical/HVAC, plumbing, painting and more.

Peer Groups have been a huge benefit for me and my company. Getting a chance to share ideas, compare systems and learn from others confidentially has been transforming for Willmar Electric. How we use pre-fab, recruit, market and much more has been shaped by conversations I have had with peer group members. In fact, I cannot think of a single area within our firm my peer group hasn’t played a role in improving.

—David Chapin, President, Willmar Electric, Lincoln, Neb.
