S & B Engineers & Constructors, Ltd. **E**
S & B Engineers & Constructors, Ltd. **GC**

Using BIM, ISC Constructors installed more than 15 miles of electrical raceway with only three placement issues—finishing the project two weeks ahead of the quoted completion date with no OSHA recordable incidents.

Thorough planning and the ability to solve unexpected problems helped Triad Electric & Controls successfully connect an existing oil refinery to a new chemical plant with upgraded technology and standards.

After providing three years of design input and pricing, KPost proved to be invaluable onsite for its roofing expertise and ability to solve unique waterproofing challenges on this high-profile science museum.

BakerTriangle relied on ingenuity, BIM and robotic total stations to safely create and install an undulating wire mesh ceiling, metal ribbon wall feature and curved escalator “tube” for a LEED Gold science museum.

Contractor of the Year Award

Rooted in client-focused, results-oriented project delivery, **Interstates Companies** offers single-source electrical engineering, electrical construction, instrumentation and control systems services throughout the United States. The firm's 600-plus employees work on industrial projects in the food and beverage, pet food, milling, renewable fuels, oil seed processing, and feed, seed and grain industries.

Interstates' values—dependability, integrity, quality, trust and family—have remained intact since founder John Franken started the electrical business out of his home in the 1950s. During the past 60 years, the company has been a leader in design-build, turnkey electrical systems, prefabrication, lean processes and integrated project delivery. It also has expanded from its corporate headquarters in Sioux Center, Iowa, to regional offices in Colorado, Nebraska, Ohio and South Dakota.

Larry Den Herder, who took over the chairman and CEO role in 2001, continues Interstates' commitment to workforce training and behavior-based safety practices. The firm has achieved STEP Platinum status with ABC for many years and reached the STEP Diamond level in 2011.

Interstates joined ABC in 1975 and is an active member of the Iowa, Rocky Mountain and Cornhusker chapters.
