### ELECTRICAL - COMMERCIAL LESS THAN \$2 MILLION

- DURO ELECTRIC COMPANY** **C**
- Northrop Grumman **N**
- Aurora, Colo. **L**
- Northrop Grumman **CO**
- Oz Architecture **AE**

A week into this routine conference room remodel, the owner requested a 700 percent change in scope—yielding a higher security, state-of-the-art presentation center—with no extension to the eight-week schedule.

### ELECTRICAL - COMMERCIAL \$2-10 MILLION

- ADAMS ELECTRIC COMPANY** **C**
- Inspiration Network "City of Light" **N**
- Indian Land, S.C. **L**
- Inspiration Network **CO**
- Little Diversified Architectural Consultants **AE**

In the first phase of a 10-year, 93-acre project, Adams Electric integrated music with LED lighting on seven, 90-foot-tall spires at the entrance of a new global broadcast and training facility.

### ELECTRICAL - INDUSTRIAL LESS THAN \$2 MILLION

- MKD ELECTRIC** **C**
- Wells Manufacturing Melt Furnace Upgrade **N**
- Woodstock, Ill. **L**
- Wells Manufacturing **CO**

Thanks to onsite craft and safety training on high-voltage and hazardous material exposure, MKD helped 12-year partner Wells Manufacturing upgrade its equipment and increase plant output capacity without logging any accidents.

ISC logged more than 80,000 accident-free manhours in 11 months while providing temporary power services and installing underground duct-banks and a 210-foot-tall vent stack derrick at a 2,100-acre refinery.

**LESS THAN \$5 MILLION**

- GRIMM CONSTRUCTION COMPANY, INC.** **C**
- BNSF New Wheel Truing Facility **N**
- Kansas City, Kan. **L**
- BNSF Railway **CO**
- Bartlett & West **AE**

Grimm improved existing utilities and constructed a pre-engineered metal building to house a specialized locomotive machine on budget and without a safety incident despite extreme shoring requirements, site constraints and an accelerated schedule.

**INDUSTRIAL**  
**\$5-15 MILLION**

- TURNER INDUSTRIES GROUP, L.L.C.** **C**
- Recovery Boiler Rebuild **N**
- Prattville, Ala. **L**
- International Paper **CO**

A year of planning went into this 40-day project to rebuild a paper mill's recovery boiler while maintaining previous output, which Turner Industries accomplished on time, on budget and with zero leaks reported.

Turner Industries overcame schedule setbacks and a saturated equipment and labor market to finish this new \$23 million hydrogen facility on time and with a 97.4 percent weld acceptance rate.
