

2004

**Excellence in Construction
& National Safety Excellence**

Awards

A large, stylized eagle graphic in a dark brown color, positioned in the upper right quadrant of the page. The eagle's wings are spread, and its head is turned to the right. The graphic is composed of geometric shapes, giving it a modern, abstract appearance.

**MONDAY,
FEBRUARY 21, 2005**

**WALT DISNEY WORLD®
SWAN AND DOLPHIN**

**ORLANDO,
FLORIDA**

The Excellence in Construction Awards competition is a nationwide program to publicly recognize quality and innovations in merit shop construction and to honor all members of the team: contractor, owner, and architect/engineer.

MEGA-PROJECTS - OVER \$100 MILLION

S&B Engineers & Constructors

Texas City CHP Cogeneration Project
 Texas City, TX
 South Houston Green Power
 Burns and Roe Enterprises, Inc.

S&B Engineers & Constructors completed this \$280-million project for British Petroleum ahead of schedule with no lost-time accidents, despite 35 inches of rain in a 60-day period. The new plant provides a reliable power source while reducing environmental emissions.

MEGA-PROJECTS - OVER \$100 MILLION

Hensel Phelps Construction Co.

Steven F. Udvar-Hazy Center, National Air and Space Museum
 Chantilly, VA
 Smithsonian Institution
 Hellmuth, Obata + Kassabaum (H.O.K.)

Facing an opening date set to coincide with the 100th anniversary of the Wright Brothers' first motorized flight, Hensel Phelps Construction achieved on-site assembly and erection of 21 steel-arched trusses, each designed to hold 22,000 pounds and to support six aircraft. Value engineering during the project resulted in more than \$1.1 million in savings, all of which Hensel Phelps donated to the Smithsonian Institution.

MEGA-PROJECTS - OVER \$100 MILLION

Hensel Phelps Construction Co.

Dallas/Fort Worth International Automated People Mover Stations
 Dallas/Fort Worth Airport, TX
 Dallas/Fort Worth International Airport
 KBR

Hensel Phelps overcame numerous challenges when heightened airport security after Sept. 11 limited access to work areas. Despite these and other obstacles, Hensel Phelps finished the project on time, with 2.6 million man-hours and no lost-time accidents, while completing eight automated people mover stations for the Dallas/Fort Worth airport.

Commercial

COMMERCIAL - UNDER \$2 MILLION

Kuepers Construction, Inc.
Bar Harbor Supper Club
Lakeshore, MN
Steve & Deanna Anderson
Kuepers Construction, Inc.

One of Minnesota's landmarks and fun spots, the Bar Harbor Supper Club was remarkably recreated by the craftworkers of Kuepers Construction to capture the 1930s nostalgia and history of the original Big Bar Harbor.

COMMERCIAL - \$2-5 MILLION

FCI Constructors, Inc.
City of Phoenix Fire Station No. 50
Phoenix, AZ
City of Phoenix
Deutsch Associates

FCI Constructors delivered the new Fire Station No. 50 to the City of Phoenix using the construction-manager-at-risk method. The station also received the U.S. Green Building Council's LEED certification. The station is only the second fire station in the nation to receive this award.

COMMERCIAL - \$5-10 MILLION

SpawGlass Contractors, Inc.
LakeHouse Spa and Pool Barn at Lake Austin Spa Resort
Austin, TX
Lake Austin Spa Resort
Robert Jackson & Michael McElhane Architects

SpawGlass Contractors built the new 25,000-square-foot LakeHouse Spa and Pool Barn on a fast track with guest reservations already on the books for the next year. With more than 300 change orders, including the addition of a sprinkler system, SpawGlass still received an early completion bonus.

COMMERCIAL - \$10-25 MILLION

D.E. Harvey Builders
ExxonMobil URC Training Center
Houston, TX
ExxonMobil GREF
PageSoutherlandPage

Built by D.E. Harvey Builders, the ExxonMobil URC Training Center, a 100,000-square-foot, two-story technology center, houses a visualization lab with raised stadium seating, classrooms, flexible meeting spaces, conference rooms and computer labs.

Health Care

HEALTH CARE - UNDER \$5 MILLION

Stronghold Engineering
Design-Build Pediatrics Intensive Care Unit
San Diego, CA
U.S. Department of the Navy
Ravatt, Albrecht & Associates

Stronghold Engineering transformed an outdated, drab facility into an upscale, high-tech and child-friendly pediatrics intensive care unit serving U.S. Navy families and children.

HEALTH CARE - \$5 - 10 MILLION

Centex Construction
JPS Health Network, Postpartum and Radiology
Fort Worth, TX
JPS Health Network
Freese & Nichols

Centex Construction completed the expansion and renovation of the JPS Health Network's postpartum and radiology department an average of 18 days ahead of schedule for each phase of the work. This was completed while ensuring minimum disruption to the hospital.

HEALTH CARE - \$10 - 25 MILLION

Thos. S. Byrne, Ltd.
JPS Health Center for Women
Fort Worth, TX
JPS Health Network
FSB/Texas, Inc.

Thos. S. Byrne, Ltd. saw many challenges on the 45,500-square-foot JPS Health Center for Women, including unexpected soil remediation, scheduling challenges caused by the unpredictable Texas weather and delays with final interior design plans.

HEALTH CARE - \$25 - 99 MILLION

Brasfield & Gorrie, LLC
St. Vincent's North Tower
Birmingham, AL
St. Vincent's Hospital
Earl Swenson and Associates and Phoenix Design

The new 386,000-square-foot St. Vincent's Hospital North Tower required Brasfield & Gorrie to carefully plan each of the three phases of construction to maximize limited workspace. The massive project, built 100 percent open shop, came in under budget and on time for opening ceremonies.

Historical Restoration

HISTORICAL RESTORATION - UNDER \$2 MILLION

Midwest Maintenance, Inc.
Central Fire Station
Charleston, SC
City of Charleston
Stantec Consulting Services, Inc.

Midwest Maintenance completed an extensive exterior restoration of the oldest working fire station in the United States, with careful attention to replicating the original craftwork while the fire station remained operational.

HISTORICAL RESTORATION - \$2 - 10 MILLION

DonahueFavret Contractors, Inc.
St. Christopher Hotel
New Orleans, LA
Hotel Partners, LLC
John T. Campo & Associates, Inc.

DonahueFavret gave the popular St. Christopher Hotel in New Orleans more modern and user-friendly meeting space while controlling the noise level, monitoring utility shutdowns and keeping hotel guests safe.

LEGEND:
Contractor
Project Name
Project Location
Client/Owner
Architect/Engineer

HISTORICAL RESTORATION - \$10 - 99 MILLION

Brice Building Co., Inc.
Vulcan Park
Birmingham, AL
Vulcan Park Foundation
HKW Associates, PC

The historical restoration of Vulcan Park's monument, the world's largest cast-iron statue, required Brice Building to blend the old with the new, seeking materials that matched the original structure, while including the addition of a new elevator and tower.

Industrial

INDUSTRIAL - UNDER \$2 MILLION

Protherm Services Group, LLC
ExxonMobil Far East Coker/West Coker Project
Baton Rouge, LA
ExxonMobil
ExxonMobil/Jacobs Engineering

Protherm Services Group completed the high-risk Coker Drum insulation removal. The work involved abrasive blasting, cleaning and reinsulating a state-of-the-art system in an extremely difficult environment.

INDUSTRIAL - \$2-5 MILLION

Austin Industrial, Inc.
Dansby Power Plant - Unit 2
Bryan, TX
Bryan Texas Utilities
Black & Veatch Corporation

Austin Industrial faced personnel, material, equipment storage and delivery problems, as well as adverse weather conditions, while exceeding safety and schedule expectations for the owner on this simple-cycle peaking power plant.

INDUSTRIAL - \$5-15 MILLION

Harmony, LLC.
Atofina Cosmar Modernization and Maintenance Turnaround
Carville, LA
Total Petrochemicals
CDI Engineering

Innovative programs involving planning, digital photography and manpower contributed to Harmony successfully completing the revamping of two process units and completely demolishing and rebuilding another unit in 36 days.

INDUSTRIAL - \$5-15 MILLION

Repcon, Inc.
2004 Hydrofluoric Acid Alkylation Unit Turnaround
Belle Chase, LA
ConocoPhillips
Gulf Engineering

Repcon's work for ConocoPhillips entailed isolating, opening, cleaning, inspecting and reporting of process-refining equipment in a hydrofluoric acid alkylation unit with no OSHA recordables.

Industrial

Infrastructure/Heavy

International

INDUSTRIAL - \$15-25 MILLION

Harmony, LLC
 Citgo Clean Fuels Project
 Lake Charles, LA
 Citgo Petroleum Corporation
 Mustang and Fluor Engineering

The Harmony team completed two catcracker gasoline hydrotreaters three months ahead of schedule, working more than 1.6 million manhours while coming in 11 percent under budget.

INDUSTRIAL - \$25-99 MILLION

TIC - The Industrial Company
 Leon Creek Power Project
 San Antonio, TX
 City Public Services
 Utility Engineering

TIC completed this four-unit electrical power project designed to provide an additional source of power during peak times in 10 and a half months, a normal turnaround time for a single-unit project. TIC logged more than 291,000 manhours with no OSHA recordables, lost-time accidents or restricted days.

INFRASTRUCTURE/HEAVY

Straub Construction, Inc.
 Design-Build Missile Transport Bridge
 Vandenberg Air Force Base, CA
 U.S. Army Corps of Engineers
 Simon Wong Engineering

Completed ahead of schedule, the design-build Missile Transport Bridge presented a host of environmental, engineering and construction challenges for Straub Construction, including endangered species surrounding the Vandenberg Air Force Base site.

INTERNATIONAL

T. E. Ibberson Company
 C. P. Foods Public Company Ltd., Grain Storage and Feed Manufacturing Complex
 Pak Thong Chai, Thailand
 C. P. Foods Public Company, Ltd.
 Ibberson Engineering, Inc.

T. E. Ibberson provided the engineering, technical services and U.S. equipment supply for one of the largest grain storage and feed manufacturing facilities in Asia. The contractor encountered language and cultural differences, international shipping challenges and the extreme weather of Thailand's monsoon season.

LEGEND:
 Contractor
 Project Name

 Client/Owner
 Architect/Engineer

Institutional

INSTITUTIONAL - UNDER \$5 MILLION

The Keller-Martin Organization, Inc.
St. Anthony Claret Catholic Church
San Antonio, TX
Catholic Dioceses of San Antonio, TX
Fisher Heck, Inc., Architects

The Keller-Martin Organization made "The Church on the Hill" a reality for St. Anthony Claret Catholic Church even though it encountered a severe drainage problem, requiring a complete redesign of the foundation and installation of 100-foot, glue-laminated beams, using the largest mobile crane in South Texas.

INSTITUTIONAL \$5- 10 MILLION

The Lemoine Company, LLC
University Art Museum
Lafayette, LA
University of Louisiana at Lafayette Foundation
Eskew+Dumez+Ripple Architects

The Lemoine Company delivered the University Art Museum on time despite more than 60 days of delay caused by late arrival of the construction documents, severe weather from a hurricane and unexpected problems with the structural curtainwall system.

INSTITUTIONAL - \$10-25 MILLION

SpawGlass Contractors, Inc.
Austin Police Department Forensics Facility and Central East Substation
Austin, TX
City of Austin
TAG International, L.L.P.

SpawGlass Contractors successfully completed the 79,500-square-foot forensics facility and substation, featuring state-of-the-art equipment and an explosion-proof structural frame.

INSTITUTIONAL - \$25-99 MILLION

Brasfield & Gorrie, LLC
First Baptist Church of Woodstock
Woodstock, GA
First Baptist Church of Woodstock
Niles Bolton & Associates

Facing 102 inches of rainfall, 43,000 cubic yards of unsuitable soil and numerous phasing challenges, Brasfield & Gorrie handed this 7,000-seat sanctuary with its adjoining amenities to the owner eight weeks ahead of the contract completion date.

Pre-Engineered Building

Public Works/ Environmental

PRE-ENGINEERED BUILDING - UNDER \$2 MILLION

Gorski Construction Company, Inc.
The Goodwill Fire Company New Fire Station
West Chester, PA
Goodwill Fire Company
Design/Build

Gorski Construction designed and built the Goodwill Fire Station, Pennsylvania's first fire station on a Brownfield site, working with 18 ABC member firms on the existing pile foundation system of a long-abandoned manufacturing plant.

PRE-ENGINEERED BUILDING - \$2-10 MILLION

Engineered Structures, Inc.
Latus Motors Harley-Davidson, Inc.
Gladstone, OR
George Latus
Scott/Edwards Architecture

Engineered Structures designed and built Latus Motors, saving the owner \$250,000 through value engineering.

PRE-ENGINEERED BUILDING - \$10-\$99 MILLION

Centex Rooney Construction, Inc./Gray Construction - A Joint Venture
Osceola County Agricultural Center
Kissimmee, FL
Osceola County Board of County Commissioners
Bullock Smith & Partners

Osceola County chose Centex Rooney Construction, Inc./Gray Construction-A Joint Venture to renovate existing facilities, construct a new 30,000-square-foot minor-league clubhouse and a new 25,000-square-foot major-league clubhouse, plus a 2,500-square-foot visitor's clubhouse for the Houston Astros' spring training facility in Kissimmee, FL.

PUBLIC WORKS/ENVIRONMENTAL

General Excavating
Salt Valley Generating Station - Makeup Water Supply and Blowdown
Lincoln, NE
Lincoln Electric System
Burns and McDonnell

General Excavating constructed a two-mile water supply and return pipeline, creating an environmentally sound recycling system while saving the owner \$500,000. The project required bores of 25 to 30 feet under Salt Creek and a major interstate highway.

Renovation

RENOVATION - UNDER \$2 MILLION

Henry H. Lewis Contractors, LLC
DoMa Gallery
Hampstead, MD
Nancy Dorman & Stanley Mazaroff
W.Architects

Henry H. Lewis Contractors converted a 120-year-old dairy barn into a sparkling glass and aluminum art gallery while carefully maintaining its aged exterior charm. On this 100 percent merit shop project, Henry H. Lewis first encountered several dozen black snakes, squirrels, bats and 60-year-old hay stacks, as well as cows that frequently visited the site from a nearby farm.

RENOVATION - \$2-10 MILLION

Structural Associates, Inc.
Hangar 101 Griffiss Business & Technology Park
Rome, NY
Mohawk Valley Economic Development Growth Enterprises Corp.
March Associates/Almay Associates

Utilizing the design-build delivery system, Structural Associates, Inc. expanded 60-year-old, former military hangars to accommodate today's largest aircraft, on time and within budget.

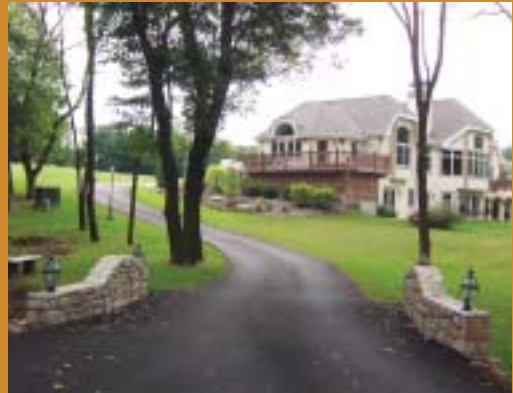

RENOVATION - \$2-10 MILLION

DonahueFavret Contractors, Inc.
InterContinental Hotel Conference Center
Upgrade
New Orleans, LA
Panacon
Morton Verges Architects

DonahueFavret Contractors completely renovated more than 30,000 square feet of meeting space at the InterContinental Hotel, meeting the owner's 76-day schedule.

Renovation

LEGEND:
Contractor
Project Name

Client/Owner
Architect/Engineer

Residential

RENOVATION - \$10-99 MILLION

HOAR Construction, LLC
Inn at the Ballpark
Houston, TX
Landry's Restaurants Inc.
Kirksey

HOAR Construction completely gutted a 150,000-square-foot condemned downtown office space and, despite unyielding schedule demands, successfully rebuilt it into a 201-room, baseball-theme boutique hotel.

RENOVATION - \$10-99 MILLION

Pinkard Construction Company
Minoru Yasui Plaza Renovation
Denver, CO
City and County of Denver
ACLP Architecture

Pinkard Construction performed a complete renovation of a 17-story former hotel that would become home to a city and state office building. Low deck heights required the team to work in only nine inches of plenum space to install more than 15 miles of piping. Creative demolition procedures, a unique abatement process and a last-minute elevator extension added to the challenges.

RESIDENTIAL - OVER \$1 MILLION

Gorski Construction Company, Inc.
Saint Pedro Residence
Limerick, PA
Joseph & Anita St. Pedro
MSL Associates

The 9,000-square-foot residence of ABC members Joe and Anita St. Pedro was a successful departure from Gorski Construction Company's many industrial, commercial and institutional projects. Gorski not only completed the project early but saved the owners \$30,000.

Electrical

ELECTRICAL-COMMERCIAL - UNDER \$2 MILLION

WW Enterprises, Inc.
Pawnee Health Center
Pawnee, OK
Pawnee Nation
Johnson Smittipong & Rosamond Associates

WW Enterprises completed all electrical work for the new Pawnee Health Center, which serves the Native American Pawnee Nation. To comply with the Pawnee Nation's requirement that all workers be hired through the Tribal Employment Rights Office, WW Enterprises provided onsite craft and safety training for the workers while recovering from a 54-day scheduling problem.

ELECTRICAL-COMMERCIAL - \$2-10 MILLION

Greiner Electric
The Beauvallon
Denver, CO
BCN Development
Martin Design/Alber Engineering

Greiner Electric performed 100 percent of the electrical work on the Beauvallon, a high-end, mixed-use project with 200 condominium units and two floors of retail space that covers a half-block in Denver's Golden Triangle neighborhood, delivering its largest project at the time two months ahead of schedule.

ELECTRICAL-INDUSTRIAL - UNDER \$2 MILLION

Westgate, Inc.
Amitech USA New Meyer Polycrrete Production Facility
Zachary, LA
Amitech USA
Stone & Webster

Westgate performed 100 percent of the electrical and instrumentation work for Amitech, turning the project over to the owner three weeks ahead of schedule despite challenges of integrating American- and German-made equipment, converting German drawings and schematics to English for installation and facing more than 100 change orders.

ELECTRICAL-INDUSTRIAL - \$2-10 MILLION

Industrial Specialty Contractors, LLC (ISC)
Shell Chemical Norco Subsystems Project
Norco, LA
Shell Global Solutions
The Automation Group (TAG) and Yokogawa Corporation of America

Industrial Specialty Contractors performed a complete reinstrumentation, replacing old-fashioned pneumatic instruments and controls with modern electronics and fiber optics at Shell Chemical's Norco facility under a fee-at-risk contract.

Exterior Finish

Electrical

ELECTRICAL - OVER \$10 MILLION

Tri-City Electrical Contractors, Inc.
Ritz-Carlton Orlando, Grande Lakes Hotel
Orlando, FL
Hunt Construction Group, Inc.
Smallwood, Reynolds, Stewart & Associates

Tri-City Electrical Contractors performed 100 percent of the electrical work on the Ritz-Carlton Orlando, Grande Lakes Hotel. Tri-City met the original completion date despite 900 change requests totaling more than \$5 million.

EXTERIOR FINISH

Triangle Plastering Systems, Inc.
Gaylord Texan Resort
Grapevine, TX
Gaylord Entertainment
Hnedak Bobo Group

Triangle Plastering Systems, in its largest project ever, completed 400,000 square feet of exterior finish and waterproofing work on the nine-story Gaylord Texan Resort, overcoming a stop-and-go schedule and project leadership changes.

EXTERIOR FINISH

Interstate Roofing & WTP, Inc.
St. Patrick's Catholic Church Spanish Tile Re-Roof
Waukon, WI
St. Patrick's Catholic Church
In Site Consulting Services, LLC

A new Spanish tile roof for St. Patrick's Church became a series of challenges for Interstate Roofing when different roof heights could not be accommodated by the scaffolding, the old copper architectural sheet metal to be replicated was stolen from the jobsite and the new roof tiles did not fit properly.

Mechanical - Commercial

Mechanical - Industrial

MECHANICAL-COMMERCIAL - UNDER \$2 MILLION

TDIndustries, Ltd.
El Centro College Campus Central Utilities
Plant Equipment Replacement
Dallas, TX
Dallas County Community College District
Reed Wells & Benson Consulting Engineers

TDIndustries successfully completed a fast-track air-conditioning project, removing and installing 1,530 tons of chillers and pumps for El Centro College in seven days.

MECHANICAL-COMMERCIAL - \$2-10 MILLION

Don Burden & Associates, Inc.
Sanctuary and Classroom Wing - The Heights Baptist Church
Richardson, TX
The Heights Baptist Church
F&S Partners/Blum Consulting Engineering, Inc.

Don Burden & Associates installed all the below- and above-ground plumbing and HVAC in the Heights Baptist Church's new sanctuary and classroom wing three months ahead of schedule, despite the owner changing the sequence of the project and requesting an early turnover of the classroom wing.

MECHANICAL-INDUSTRIAL - UNDER \$2 MILLION

Hardy Corporation
Oxford Automotive
McCalla, AL
Oxford Automotive
Designform/Hardy Corp.

Hardy Corporation provided a customized building management control system, featuring a central chiller plant, compressed air piping, digital HVAC building controls and more, for Oxford Automotive's 400,000-square-foot building.

MECHANICAL-INDUSTRIAL - \$2-10 MILLION

SKIHI Enterprises, Ltd.
Dallas/Fort Worth Automated People Mover/
De-Icing System
Dallas/Fort Worth Airport, TX
Bombardier Transportation/Dallas/Fort Worth
International Airport
Carter-Burgess

SKIHI Enterprises provided the DFW-SKYLINK automated people mover stations with a one-of-a-kind de-icing system. This in-slab hydronic piping system, now the largest in the world, came in ahead of schedule and under budget despite added airport security measures and nighttime work scheduling.

Mechanical

Sitework/ Landscape

Other Specialty Construction

MECHANICAL - OVER \$10 MILLION

Western Summit Constructors, Inc.
Metro Wastewater Reclamation District PAR795 High-Solids
Centrifuges and Cake Storage Improvements
Commerce City, CO
Metro Wastewater Reclamation District
Black & Veatch Corporation

Western Summit Constructors successfully upgraded and renovated the existing wastewater treatment facilities and built a new four-story dewatered sludge storage facility while plant operations continued uninterrupted.

OTHER SPECIALTY CONSTRUCTION

Brock Maintenance, Inc.
2004 Sterling Chemicals Acrylonitrile Plant Restoration Project
Texas City, TX
Sterling Chemicals

Brock Maintenance performed all site specialty work after the owner recognized the company's superior performance, quality and safety standards. With a 38-person workforce, Brock met the project's needs after another scaffolding contractor failed with a team of 65.
