

Who do you
want in the
Voting Booth
with you?

- The so-called “**Employee Free Choice Act**” or “**card check**” legislation would strip away the rights of workers to a federally supervised private ballot election when deciding whether or not to join a union.
- The “card check” system would allow union organizers to intimidate or coerce workers into signing authorization cards. **There is no private ballot. There is no free choice.**
- **All workers deserve the fundamental American right to a federally supervised private ballot election.** This right is guaranteed when voting in political elections; there is no reason why this right should be surrendered in the workplace.

We need **YOUR HELP** to defeat the so-called “**Employee Free Choice Act.**”
