

Who do you
want in the
Voting Booth
with you?

- The so-called “**Employee Free Choice Act**” or “**card check**” legislation would strip away the rights of workers to a federally supervised private ballot election when deciding whether or not to become unionized.
- Without the private ballot, workers who were intimidated or coerced into signing authorization cards would **not have the ability to change their vote in private**.
- **All workers deserve the fundamental American right to a federally supervised private ballot election.** This right is guaranteed when voting in political elections; there is no reason why this right should be surrendered in the workplace.

We need **YOUR HELP** to defeat the so-called “**Employee Free Choice Act.**”
