

# ABC TECH AND INNOVATION DIGEST

Stay Ahead With Member-Exclusive  
Discounts, Guides, Resources and  
Connections From ABC

Created by ABC Members, Employees and Vetted Partners

ABC's Tech Alliance was built to help drive ABC members' ability to develop people, win work and deliver that work safely, ethically and profitably for the betterment of the communities in which ABC and its members work through improved utilization of technology.

The ABC Tech Alliance brings industry innovators and solutions together under one vision: empowering the construction industry through collaboration.

## Take advantage of ABC member-exclusive discounts!

The Tech Marketplace is your curated hub for tools, software and innovations tailored to the construction industry. Browse solutions that match your workflow, budget and goals.

The construction industry is at an inflection point where most of the top-performing contractors of all sizes are investing in technology in multiple areas of their business. With so many technologies to choose from, ABC and its Construction Technology and Innovation Committee created the Tech Marketplace to showcase tech companies with solutions that make members safer, more profitable and positioned to win more work.

ABC Tech Marketplace companies are required to offer solutions that solve a major problem, provide an exclusive discount to members, be a member of at least one ABC chapter and have a proven track record with ABC members, providing a significant return on your investment.

Integrate construction technology and innovation into all aspects of your strategic initiatives.

POWERED BY

# ABC FIELD TECH REPORT

The ABC Tech Reports are your data-driven snapshot of construction technology trends, usage and impact. Gain clarity from real metrics and future-facing insights.

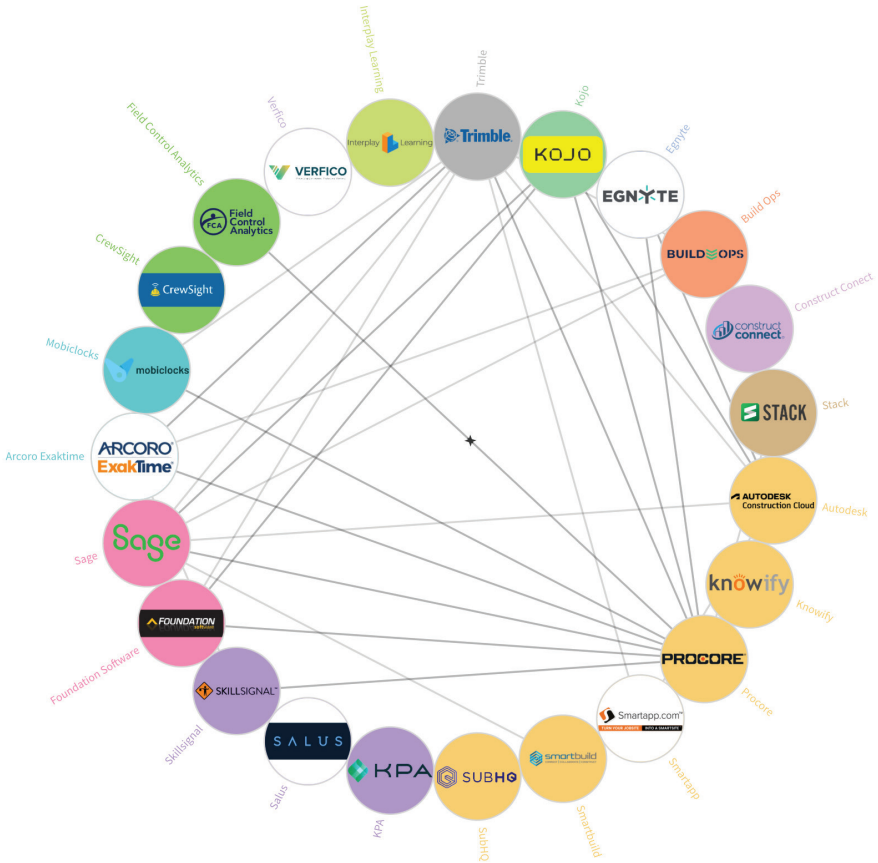

Advancements in construction come in various forms, ranging from improvements in tools, materials and equipment to innovations in building techniques and technologies. Keeping pace with these developments can be challenging, but it is essential for personal growth, business enhancement and, ultimately, better project delivery.

To fully leverage these opportunities, we must remain engaged and surround ourselves with people and experiences that encourage learning and growth.

ABC members receive the print edition of the ABC Tech Report with the September/October issue of Construction Executive, the magazine for the business of construction. Each year, the Tech Report centers on a different topic such as artificial intelligence and field technology.

[abc.org/techreport](https://abc.org/techreport)

Connect the dots. ABC's Tech Integrations streamline communication and automate tasks among platforms—ensuring your team's tools speak the same language.

Ultimately, software integrations in the construction industry contribute to increased efficiency, higher-quality outcomes and greater competitiveness in a fast-paced market. The goal of this resource is to not only educate ABC contractors on the importance of software integrations, but to also highlight the connections between our Tech Alliance and Tech Marketplace members.

## INNOVATION IN ACTION—TECH AND INNOVATION LOGS

Explore TAILS—a living library of real-world innovations in construction. Each entry showcases tested solutions, lessons learned and creative problem-solving across the construction industry.

The Tech and Innovation Logs package real, contractor-tested guidance into quick reads that help members modernize operations fast: practical how-tos (from cloud migration planning to why dashboards matter), ROI-focused resources like podcasts and case studies and timely coverage of tools, trends and vetted partners that often come with members-only advantages.

It's a one-stop feed for actionable insights across data, billing and payments, workforce tech and more—designed to cut through noise, elevate decision-making and turn innovation into measurable results for ABC contractors.

[abc.org/tails](https://abc.org/tails)

Artificial intelligence is revolutionizing the construction industry by enhancing efficiency, safety and decision-making throughout the project lifecycle. ABC's AI Resource Guide breaks down tools, terms and practical uses to give you a confident start.

AI in construction involves the application of advanced technologies like machine learning, computer vision and data analytics to various construction processes. Through AI, machines can learn and imitate human cognitive functions.

The importance of AI technology in construction should not be underestimated. It can help contractors complete projects on time, minimize staffing challenges, save money and address safety concerns.

# TAKING CONSTRUCTION TO THE NEXT LEVEL.

2.9 M square feet of exhibits | 39,000 attendees | 2,000 exhibitors | 150 education sessions

**CONEXPO  
CON / AGG**

MARCH 3-7 / 2026 / LAS VEGAS / NV

No matter what sector of construction you're in you'll leave CONEXPO-CON/AGG with new ideas new relationships, and new opportunities to grow your business, and your place within the industry. This isn't just North America's largest construction trade show, it's taking construction to the next level.

**[LEARN MORE AT CONEXPOCONAGG.COM](https://www.conexpoconagg.com)**

2023 Attendee Dylan Mercier  
D2 Contracting

**ABC Members: Receive 40% Off CONEXPO-CON/AGG 2026!**

Use promo code ABC26 to save on your registration! Offer expires Dec. 5, 2025.

# ABC CONVENTION 2026

# SALT LAKE CITY

March 18-20

## Celebrate, Connect and Engage!

Don't miss the ultimate merit shop event, where industry leaders from across the nation come together to connect, celebrate and engage with cutting-edge industry, political and technological insights. Be part of the excitement and innovation at this electrifying event!

### Experience the Best in Merit Shop Construction:

**National Craft Championships:** Witness the best talent in action.

**Construction Management Competition:** See top teams compete and showcase their skills.

**National Excellence in Construction® Awards:** Celebrate outstanding achievements in the industry.

**Dynamic Keynotes and Industry Insights:** Gain inspiration and knowledge from construction leaders.

**Record-Breaking Expo Hall:** Discover the latest in construction from over 100 exhibitors.

**Business-Building Connections:** Enhance relationships with ABC members from across the nation.

Register for your full convention experience!

Your company data must be protected from cybercrimes. The ABC Cybersecurity Resource Guide equips you with tools and practices to guard against digital threats.

Today, cybersecurity is a top priority for businesses across all industries, including construction. ABC understands the importance of protecting sensitive information and data. That's why we provide a wealth of resources to help our members become Cybersecurity Maturity Model Certification-compliant and stay informed about the latest cybersecurity trends and best practices.
