business

LTE Business Internet and 5G Business Internet are available to business customers, subject to credit review. 5G Business Internet availability varies; not available in all locations. Compatible LTE- or 5G-enabled router required. Taxes, fees, Economic Adjustment Charge and other terms apply.

*Wireless business internet + Mobility \$30 offer: Available to select, eligible new business customers who activate a new, qualifying wireless business internet service line (LTE Business Internet and/or 5G Business Internet) and who have or activate a qualifying Business Unlimited smartphone plan (at least 1 line). For each qualifying internet line, up to 6 lines per account, customer will receive a \$30/mo credit which will continue as long as Verizon provides and customer maintains both services as qualifying levels. \$39/mo internet price per line calculated by applying \$30/mo credit to \$69/mo service price for 5G Business Internet 100 Mbps plan or LTE Business Internet 10 Mbps plan (1st year price for LTE Biz Internet); plus taxes, fees, and Economic Adjustment Charge; compatible router req'd. Six lines per account limit may include both qualifying LTE and 5G Business Internet lines. Credit is applied once both services are activated and will appear on your bill in 1-2 cycles. Offer not available to customers with existing account level fixed wireless internet + smartphone plan discount; not available for LTE Backup Internet plans and non-standard plans. May not be combined with all offers. Offer ends 6.30.24.
