S & B Engineers and Constructors Ltd. Earns National Excellence in Construction Award From Associated Builders and Contractors

Washington, D.C. – Associated Builders and Contractors (ABC) announced that S & B Engineers and Constructors Ltd.’s work on Chevron Phillips Chemical Company LP’s 1-hexene plant in Baytown, Texas, has earned the company a Pyramid Award in the Mega-Projects - \$100-199 million category of ABC’s Excellence in Construction Awards. Representatives from the company received the award March 5 during the 25th annual Excellence in Construction Awards celebration in Ft. Lauderdale, Fla.

“I am proud to recognize S & B Engineers and Constructors for winning an Excellence in Construction Pyramid Award in the Mega-Projects - \$100-199 million category and representing ABC and the merit shop construction industry in the best way possible,” said 2015 ABC National Chair Pamela Volm, president of Annapolis Contracting, Inc., Annapolis, Md. “Their work on the 1-hexene plant in Baytown, Texas truly shows how commitment to innovation, quality and safety can produce impressive results.”

The Excellence in Construction awards program is the industry’s leading competition, developed to honor innovative and high-quality merit shop construction projects. The award honors all construction team members, including the contractor, owner, architect and engineer. The winning projects, selected from entries submitted from across the nation, were judged on complexity, attractiveness, unique challenges overcome, completion time, workmanship, innovation, safety and cost.

A panel of industry experts served as the competition’s judges. This year’s panel included representatives from the Design-Build Institute of America, *Engineering News-Record*, the American Institute of Architects, and the National Association of Women in Construction, and representatives from higher education, among others.

###

Associated Builders and Contractors (ABC) is a national construction industry trade association representing nearly 21,000 chapter members. Founded on the merit shop philosophy, ABC and its 70 chapters help members develop people, win work and deliver that work safely, ethically, profitably

and for the betterment of the communities in which ABC and its members work. Visit us at www.abc.org.
